

The Last 3 Feet of Any Marketing Campaign.

Quick-Strips™ and Clings

Our Quick-Strips™ slide easily into store shelves and are micro-perforated for easy installation. Photo quality graphics command the customer's attention!

Our Low-Tac™ Clings apply as easily as a label and remove as easily as a static cling – leaving no residue! They are fully repositionable because adhesive will not fall off like a traditional static cling!

Wrap-to-Go™ Base Wrap

Adding Base Wrap has been shown to increase sales by 12% (POPAI) and gives your floor displays and bulk stacks a finished, professional look – while reinforcing brand image. Our photo quality, laminated finish is durable against bumps and scratches and is resistant to wet mops.

Shelf-Liner™

A simple solution for your Plan-o-Gram, solves stocking issues and allows you to effectively market your product at all times – even on an empty shelf!
